### DETAILED ACTION

Claim 3 is now subject to being rejoined and fully examined.

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jesse Collier (Reg. No. 53,839) on January 20, 2006.

The application has been amended as follows: to overcome the references cited.

**Cancel claim 1 without prejudice.**

Claims 2-3, 5-6, 8, 21, and 25-26, line 1, "**according to claim 1**" changed to - - **according to claim 9** - -.

Claim 9, line 2, delete "divided into two or more power supply region by a slit", and after line 3, please, insert - - **divided into two or more power supply region by a slit**, - - between "**when**" and "**at least**".

***Allowable Subject Matter***

2. Claims 2-3, 5-6, 8-9, 21, and 25-26 are allowed (renumber claims are 1-9).

The following is an examiner's statement of reasons for allowance: the references cited disclose a circuit board device having power supply and ground regions, the power supply region being divided into two or more power supply regions by a slit, and some other claimed elements. However, they do not disclose, suggest or are obvious in combination of the device comprising a terminal element that includes a resistor and a capacitor which are series-connected, a relationship between the characteristic impedance  $Z_e$  and a resistance  $R$  of the resistor satisfies  $(Z_e/5) \leq R \leq (5 \cdot Z_e)$ , and a capacity  $C$  of the capacitor satisfies  $C \geq 1/(10\pi \cdot f_{\min} Z_e)$ , where  $f_{\min}$  is a lower limit of a radiation noise frequency of a reduction target.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tuan T. Dinh whose telephone number is 571-272-1929. The examiner can normally be reached on M-F.
